Processes Unlimited International Inc. Receives ENR Top 500 Design Firms Award

Bakersfield, California- Processes Unlimited International, Inc. has received the 2010 “Top 500 Design Firm” award from Engineering News-Record (ENR) ranking 276 out of 500 of the top design firms in the nation. ENR is a weekly magazine dedicated to providing industry news and analysis for construction, design, contract and engineering professionals. ENR surveys the construction industry to determine the 500 largest engineering, architectural and environmental design firms in the U.S. both publically and privately held. ENR selected Processes Unlimited based on revenues for design services performed in 2009. This marked the fourth year in a row in which Processes Unlimited was named to the list, being ranked 247 in 2009.

Processes Unlimited provides full-service planning, engineering, design, project management, and safety regulatory services. Processes Unlimited has the ability to clearly understand client needs and customize services to meet those needs. The company specializes in the industries of oil and gas, food and beverage, cement, mining, minerals, utility, power building products, industrial/manufacturing, and alternative energies. The company currently has offices in Bakersfield, Fresno, Pasadena, and Walnut Creek Calif., Dallas, Tex., Atlanta, Ga., Kuwait and a joint-venture office located in Chennai India.
